

PACKAGING DISPOSAL INFORMATION

17.12.2025

Main directive for packaging is Directive 94/62/EG, which entered into force in 1994, and the amendments made in Directive (EU) 2018/852.

The essential requirements, part of Directive 94/62/EG, are still in effect after the amendments made in Directive (EU) 2018/852 and focus on making packaging materials more sustainable.

Aligned with this goal and to stimulate recycling, reuse and other useful applications for packaging waste below are informed the codes that are applicable to the materials possible to be used in the packaging of the materials manufactured at Sonae Arauco plants:
