

PALLET RETOUR. DEPOSIT BACK. FUTURE IN SIGHT.

TOGETHER FOR CLIMATE ACTION.

Every cubic metre of processed wood fibre insulation makes a valuable contribution to climate protection. To further enhance this positive impact, we are returning our AGEPAN® wooden pallets for the products AGEPAN® THD cover M, AGEPAN® THD etics M and AGEPAN® Flex into a closed-loop transport system - in collaboration with our partner Boomerang.

WE SUPPLY THE FOLLOWING PRODUCTS ON RETURNABLE PALLETS:

AGEPAN®
THD cover M

AGEPAN®
THD etics M

AGEPAN®
Flex

Applies to
Germany and
BeNeLux.

WITH EVERY PALLET, A MOVE TOWARDS A SUSTAINABLE FUTURE.

+ LESS WOOD

Each returnable pallet contains around 16 kg of wood, depending on the format. The more we reuse, the less we consume.

+ LESS WASTE

With careful storage and handling, returnable pallets last longer. And when repairs are needed, Boomerang takes care of them.

+ LESS CO₂

Each time a pallet is returned and reused, we save around 17 kg of CO₂ - together.

+ LESS HASSLE

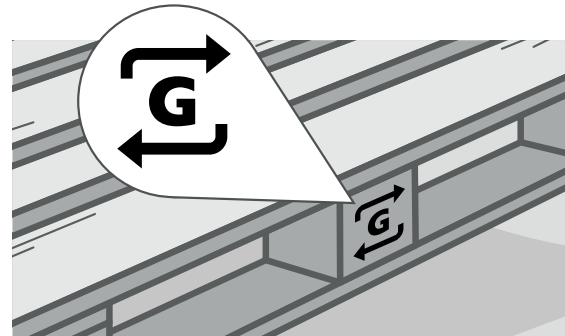

Meet legal requirements, boost circular economy efforts and cut costs on transport and disposal of one-way pallets.

AGEPAN® & BOOMERANG

THE CIRCULAR SYSTEM WITH FULL SERVICE

We deliver our products AGEPAN® THD cover M, AGEPAN® THD etics M and AGEPAN® Flex on "G" returnable pallets – identifiable by this symbol.

Currently, we offer this service to all our customers in Germany and the BeNeLux region.

THE RIGHT WAY – PALLET RETURN GUIDELINES:

+ COLLECT PALLETS

Collect the "G" returnable pallets on-site at your facility or construction site – preferably mixed with Boomerang pallets from other affiliated building material suppliers.

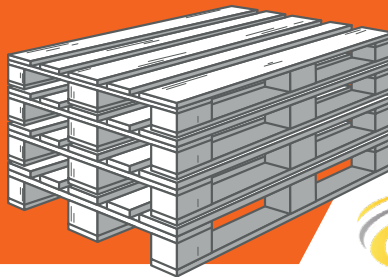

- Stack undamaged pallets at the bottom and damaged but stackable pallets on top.
- Please do not apply any strapping.
- Please ensure that the truck has unobstructed access to the pallet storage area at pickup.

AGEPAN® SERVICE-PARTNER BOOMERANG RETOUR GMBH

+ ARRANGE PICKUP

Contact Boomerang to agree on the minimum pickup quantity as well as the date and location for the free collection. Pickup will be carried out promptly within ten working days.

+ DEPOSIT REFUND

After pickup, you will receive the deposit refund for each collected pallet promptly from your go.

+ PALLET MAINTENANCE

Boomerang inspects the pallets, repairs them if necessary, and makes them available again for product shipment.
